Every Human Being Is a Seeker of Truth (OSHO Singles)

The qualities of a seeker of truth, the transmission of truth through spoken words, attachment to the physical presence of a master and a taste of silence are the subjects of this talk by Osho. "Every child is born with an innate search for truth. It is not something learned or adopted later on in life. Truth simply means, "I am, but I do not know who I am." And the question is natural -- "I must know the reality of my being." It is not a curiosity."
