A veteran police detective, Robert Snow was devoted to evidence and hard facts—he had never given any thought to reincarnation. But during a hypnotic regression, he experiences a vivid awareness of being alive in three separate historical scenes. Remaining skeptical, Snow begins to investigate with the intention of disproving reincarnation. Instead, diligent research and corroboration from multiple sources reveal solid evidence that he lived a former life as Carroll Beckwith, a nineteenth-century American artist. *Portrait of a Past Life Skeptic* tells the fascinating story of Robert Snow's transformation from skeptic to believer.
