**Six Sigma Financial Tracking and Reporting: Measuring Project Performance and P&L Impact (Six SIGMA Operational Methods)** Michael Bremer, Brian McKibben, Thomas McCarty

As Six Sigma and Lean Enterprise techniques continue to evolve and become more and more engrained in the business, it is harder and harder to track the impact of savings on a project by project basis. Especially when you have more than one project concentrating on different functional areas, through the use of case studies, worked out examples, and bench marking techniques, Michael Bremer, a Senior Instructor at Motorola University, helps you to put the right infrastructure in place for project identification, project scoping, and financial reporting.
