Goddesses in Older Women: Jean Shinoda, M.D. Bolen

At some point after fifty, every woman crosses a threshold into the third phase of her life. As she enters this uncharted territory -- one that is generally uncelebrated in popular culture -- she can choose to mourn what has gone before, or she can embrace the juicy-crone years.

In this celebration of Act Three, Jean Shinoda Bolen, Jungian analyst and bestselling author of *Goddesses in Everywoman*, names the powerful new energies and potentials -- or archetypes -- that come into the psyche at this momentous time, suggesting that women getting older have profound and exciting reasons for welcoming the other side of fifty.
