More and more scientists and laymen alike are beginning to see that divine or angelic interventions here on earth are not only possible but actually happening on a regular basis. Divine Visits highlights more than 50 gripping accounts of incredible stories from people who say they witnessed modern-day divine interventions. While for some these encounters involve angelic beings, others note that they were visited by such religious figures as Jesus and the Blessed Mother Mary. The gap between the here and the hereafter is closing. This ground-breaking book further bridges that gap by presenting verifiable accounts that will enlighten and transform both believers and nonbelievers alike.
