Can you be an atheist and still believe in God?

Can you be a true believer and still doubt?

Can Zen give us a way past our constant fighting about God?

Brad Warner was initially interested in Buddhism because he wanted to find God, but Buddhism is usually thought of as godless. In the three decades since Warner began studying Zen, he has grappled with paradoxical questions about God and managed to come up with some answers. In this fascinating search for a way beyond the usual arguments between fundamentalists and skeptics, Warner offers a profoundly engaging and idiosyncratic take on the ineffable power of the “ground of all being.”
