Not long after Billionaire Lyle Brady's lovely wife was taken from him in 2005 by a drunk driver being pursued by local law enforcement, Mr. Brady sells all his business interest in Ohio and moves to Manasota Key, Florida. Working with a Sarasota attorney and architect he spends a year building a 3,800 square foot home on seven and a half acres of beach front property, he received from an earlier estate purchase. He establishes a charitable trust foundation in his wife's name to help children with special needs. He funded the building of the Children's Cancer Research Center at Sarasota Children's Hospital. For the next seven years he maintains a long distance and close relationship with his former private secretary who he has fallen in love with. After her sudden death in March of 2012 he began an explosive sexual and erotic three year journey with six very different, very beautiful, and sometimes very strange ladies. In September of that same year while on a vacation in the Florida Keys, Lyle rescues a young female Cuban refugee who after many hours floating in the Straits of Florida lands on the rear deck of his private beach bungalow. His new Cuban friend leads him to one of the most amazing and unique females he has ever seen. During that same period of time an assassin tries to break into Lyles home to steal plans and details for a new type propulsion engine he has been developing for Arco-Brady Company. The outcome of the break-in brings down one of the richest men in the world. By January 2015, Lyle has found his perfect soul-mate and the two of them are settling in for a life of love and adventure.
