William K. Oh, Jean-Pierre Guignard, Stephen Baumgart

Nephrology and Fluid/Electrolyte Physiology: Neonatology Questions and Controversies (Neonatology: Questions & Controversies) William K. Oh, Jean-Pierre Guignard, Stephen Baumgart

Nephrology and Fluid/Electrolyte Physiology, a volume in Dr. Polin's Neonatology: Questions and Controversies Series, offers expert authority on the toughest neonatal nephrology and fluid/electrolyte challenges you face in your practice. This medical reference book will help you provide better evidence-based care and improve patient outcomes with research on the latest advances.

- Reconsider how you handle difficult practice issues with coverage that addresses these topics head on and offers opinions from the leading experts in the field, supported by evidence whenever possible.
- Find information quickly and easily with a consistent chapter organization.
- Get the most authoritative advice available from world-class neonatologists who have the inside track on new trends and developments in neonatal care.
- Stay current in practice with coverage on lung fluid balance in developing lungs and its role in neonatal transition; acute problems of prematurity: balancing fluid volume and electrolyte replacement in very-low-birth-weight and extremely-low-birth-weight neonates; and much more.
