The glacier Myrdalsjokull covers the Katla volcano on the southern shores of Iceland. Periodic eruptions of Katla cause catastrophic floods of water and volcanic ash. The result are spectacular, raw landscapes in vibrant greens and blacks, topped by the whites of ice and clouds. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability and each calendar comes in five languages. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
