Basil Copper

Necropolis Basil Copper

"A feverish gaslight gothic that's as rich in Sherlock Holmes-like atmosphere as it is in ghoulish doings." - *Kirkus Reviews*

"A dark, exotic Gothic thriller . . . Excellent!" - *Booklist*

"A gothic mystery in the truest sense. . . . Copper has written in the grand tradition of A. Conan Doyle and created a spellbinding narrative of mystery and suspense." - *The Press-Courier*

Set in an alternate Victorian London, where Sherlock Holmes and Dr. Watson are not just fictional characters, Basil Copper's *Necropolis* (1980) is a tale of mystery and intrigue worthy of Arthur Conan Doyle or Wilkie Collins.

Private detective Clyde Beatty, a rival of the great Holmes, has been hired by the lovely Angela Meredith to inquire into her father's suspicious death. As Beatty's investigation unfolds, the danger intensifies: more murders ensue, and attempts are made on his life. It is clear there is more to Mr. Meredith's death than meets the eye, and it may have something to do with the brazen robbery of a fortune in gold bullion. The clues lead Beatty to the eerie Brookwood Cemetery, where fatal secrets lie hidden in the catacombs beneath a city of the dead. . . .

This edition of Copper's chilling Victorian Gothic mystery is the first in more than three decades and includes the original illustrations by Stephen E. Fabian and a new introduction by Stephen Jones. Copper's tale of Lovecraftian horror, *The Great White Space* (1974) is also available from Valancourt Books.

From reader reviews:

Jonathan Flannagan:

The book Necropolis can give more knowledge and also the precise product information about everything you want. So just why must we leave a very important thing like a book Necropolis? A number of you have a different opinion about guide. But one aim this book can give many information for us. It is absolutely correct. Right now, try to closer with your book. Knowledge or data that you take for that, you are able to give for each other; you can share all of these. Book Necropolis has simple shape but the truth is know: it has great and large function for you. You can appearance the enormous world by wide open and read a publication. So it is very wonderful.

Joyce Volz:

Why? Because this Necropolis is an unordinary book that the inside of the guide waiting for you to snap that but latter it will distress you with the secret that inside. Reading this book next to it was fantastic author who all write the book in such wonderful way makes the content inside easier to understand, entertaining way but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This book will give you a lot of rewards than the other book get such as help improving your talent and your critical thinking means. So , still want to delay having that book? If I were you I will go to the reserve store hurriedly.

Brian Mejia:

That guide can make you to feel relax. That book Necropolis was bright colored and of course has pictures around. As we know that book Necropolis has many kinds or variety. Start from kids until teenagers. For example Naruto or Investigator Conan you can read and think you are the character on there. So , not at all of book are usually make you bored, any it can make you feel happy, fun and rest. Try to choose the best book in your case and try to like reading that.

Melinda Miller:

Reading a e-book make you to get more knowledge from the jawhorse. You can take knowledge and information originating from a book. Book is written or printed or illustrated from each source that filled update of news. On this modern era like now, many ways to get information are available for anyone. From media social just like newspaper, magazines, science e-book, encyclopedia, reference book, story and comic. You can add your knowledge by that book. Are you ready to spend your spare time to spread out your book? Or just in search of the Necropolis when you essential it?
