Practical Teaching in Emergency Medicine

Practical Teaching in Emergency Medicine

Inherent to the teaching and practice of emergency medicine are specific challenges not found in other specialties - the unknowns of the emergency department, the need to identify life- and limb-threatening conditions, the pressure to solve problems and find solutions quickly, and the orchestration of clinical specialists and ancillary services.

Because of these unique demands, books written by clinicians from other disciplines, that extrapolate their information from other specialties, aren't always suitable references for teachers of emergency medicine. This book is different – it shows how to incorporate effective teaching strategies into the unique teaching atmosphere of the emergency department, how to effectively lecture, lead small groups, give feedback, foster life-long faculty development skills, and much more – it is written by emergency medicine physicians for emergency medicine physicians.

Practical Teaching in Emergency Medicine gets to the essential core of how to best teach the art of practicing emergency medicine – and provides the blueprint to become a better teacher, providing guidance on how to accomplish skilful teaching in busy emergency departments. It provides emergency physicians and trainees with the necessary tools to effectively and efficiently transmit information to learners in the often times chaotic emergency department environment.

From reader reviews:

Stephanie Carlton:

What do you about book? It is not important with you? Or just adding material when you require something to explain what you problem? How about your time? Or are you busy individual? If you don't have spare time to accomplish others business, it is make you feel bored faster. And you have time? What did you do? Everybody has many questions above. They need to answer that question since just their can do that. It said that about reserve. Book is familiar on every person. Yes, it is right. Because start from on pre-school until university need this Practical Teaching in Emergency Medicine to read.

Thersa Davenport:

In this 21st century, people become competitive in each and every way. By being competitive at this point, people have do something to make them survives, being in the middle of typically the crowded place and notice through surrounding. One thing that oftentimes many people have underestimated the item for a while is reading. Yep, by reading a reserve your ability to survive boost then having chance to stand up than other is high. To suit your needs who want to start reading a new book, we give you this specific Practical Teaching in Emergency Medicine book as nice and daily reading book. Why, because this book is greater than just a book.

Tammara Dejesus:

Nowadays reading books are more than want or need but also turn into a life style. This reading practice give you lot of advantages. The benefits you got of course the knowledge even the information inside the book in which improve your knowledge and information. The data you get based on what kind of e-book you read, if you want drive more knowledge just go with education books but if you want truly feel happy read one using theme for entertaining for example comic or novel. Often the Practical Teaching in Emergency Medicine is kind of guide which is giving the reader unforeseen experience.

Oliver Gerling:

This Practical Teaching in Emergency Medicine is great reserve for you because the content which is full of information for you who also always deal with world and still have to make decision every minute. This book reveal it details accurately using great plan word or we can declare no rambling sentences within it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but hard core information with attractive delivering sentences. Having Practical Teaching in Emergency Medicine in your hand like obtaining the world in your arm, data in it is not ridiculous one particular. We can say that no book that offer you world throughout ten or fifteen second right but this book already do that. So , this really is good reading book. Heya Mr. and Mrs. busy do you still doubt which?
