## **On Thin Ice** Richard Ellis

Polar bears—fierce and majestic—have captivated us for centuries. Feared by explorers, revered by the Inuit, and beloved by zoo goers everywhere, they are a symbol for the harsh beauty and muscular grace of the Arctic. But as global warming threatens the ice caps' integrity, the polar bear has also come to symbolize the environmental peril that has arisen due to harmful human practices. In the past twenty years alone, the world population of polar bears has shrunk by half. Today they number just 22,000.

Urgent and stirring, *On Thin Ice* is both a celebration and a rallying cry on behalf of one of earth's greatest natural treasures.

*From the Trade Paperback edition.*

### From reader reviews:

#### **Elaine Kistler:**

What do you think about book? It is just for students because they're still students or the idea for all people in the world, the particular best subject for that? Merely you can be answered for that query above. Every person has several personality and hobby for each and every other. Don't to be forced someone or something that they don't desire do that. You must know how great along with important the book On Thin Ice. All type of book can you see on many solutions. You can look for the internet options or other social media.

#### **Michelle Porter:**

Nowadays reading books be a little more than want or need but also be a life style. This reading habit give you lot of advantages. The advantages you got of course the knowledge the actual information inside the book which improve your knowledge and information. The info you get based on what kind of publication you read, if you want get more knowledge just go with education and learning books but if you want feel happy read one having theme for entertaining for example comic or novel. The particular On Thin Ice is kind of book which is giving the reader unstable experience.

#### **Shirley Williams:**

The reason why? Because this On Thin Ice is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will shock you with the secret the item inside. Reading this book alongside it was fantastic author who have write the book in such awesome way makes the content on the inside easier to understand, entertaining method but still convey the meaning completely. So , it is good for you because of not hesitating having this any more or you going to regret it. This amazing book will give you a lot of gains than the other book have such as help improving your proficiency and your critical thinking means. So , still want to hesitate having that book? If I ended up you I will go to the e-book store hurriedly.

#### **Jennifer Bell:**

What is your hobby? Have you heard in which question when you got scholars? We believe that that problem was given by teacher with their students. Many kinds of hobby, Everybody has different hobby. So you know that little person including reading or as looking at become their hobby. You have to know that reading is very important and book as to be the thing. Book is important thing to provide you knowledge, except your own personal teacher or lecturer. You see good news or update concerning something by book. Numerous books that can you choose to use be your object. One of them is actually On Thin Ice.
