Securing WebLogic Server 12c Luca Masini, Rinaldi Vincenzo

In Detail

Security is a must in modern Enterprise architecture, and WebLogic implements a very complete and complex architecture for configuration and implementation, and we need to deeply know in technologies, terminology and how the security process works between all actors.
Transparent security of your applications and Weblogic infrastructure need a good knowledge of the issues you can incur in this long and error prone configuration process.

"Securing WebLogic Server 12c" will simplify a complex world like WebLogic Security, helping the reader to implement and configure. It's the only fast guide that will let you develop and deploy in a production system with best practices both from the development world and the operation world.

This book will try to make a clear picture of Java EE Security with clean and simple step-by-step examples that will guide the reader to security implementation and configuration

From the concepts of Java EE Security to the development of secure application, from the configuration of a realm to the setup of Kerberos Single Sign on, every concept is expressed in simple terms and surrounded by examples and pictures. Finally, also a way to develop WebLogic Security Providers with Maven, so that you can add the security part of your infrastructure to your enterprise best practices.

Approach

This book is written in simple, easy to understand format with lots of screenshots and step-by-step explanations.

Who this book is for

If you are a WebLogic Server administrator looking forward to a step by step guide to administer and configure WebLogic security, then this is the guide for you. Working knowledge of WebLogic is required.

From reader reviews:

Floyd Wyatt:

What do you think of book? It is just for students because they're still students or the idea for all people in the world, what the best subject for that? Simply you can be answered for that concern above. Every person has diverse personality and hobby for each other. Don't to be compelled someone or something that they don't would like do that. You must know how great and important the book Securing WebLogic Server 12c. All type of book can you see on many sources. You can look for the internet options or other social media.

John Augustine:

The reason why? Because this Securing WebLogic Server 12c is an unordinary book that the inside of the book waiting for you to snap this but latter it will shock you with the secret this inside. Reading this book close to it was fantastic author who also write the book in such wonderful way makes the content inside easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you for not hesitating having this ever again or you going to regret it. This unique book will give you a lot of rewards than the other book have got such as help improving your ability and your critical thinking technique. So , still want to hold off having that book? If I were being you I will go to the guide store hurriedly.

Carrie Mathis:

This Securing WebLogic Server 12c is great reserve for you because the content and that is full of information for you who have always deal with world and still have to make decision every minute. This book reveal it facts accurately using great plan word or we can declare no rambling sentences inside it. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only provides straight forward sentences but challenging core information with attractive delivering sentences. Having Securing WebLogic Server 12c in your hand like keeping the world in your arm, details in it is not ridiculous one. We can say that no e-book that offer you world with ten or fifteen minute right but this reserve already do that. So , this is good reading book. Hey Mr. and Mrs. active do you still doubt this?

Jerry Blair:

A lot of reserve has printed but it takes a different approach. You can get it by web on social media. You can choose the most effective book for you, science, comedy, novel, or whatever by simply searching from it. It is called of book Securing WebLogic Server 12c. You can add your knowledge by it. Without departing the printed book, it may add your knowledge and make anyone happier to read. It is most crucial that, you must aware about e-book. It can bring you from one destination to other place.
