## **Polio (Biographies of Disease)** Daniel J. Wilson

This new title in the **Biographies of Disease** series offers a thorough examination of medical and scientific efforts to battle polio, from the 19th-century identification of the virus to the great 20th-century epidemics, from the unprecedented campaign to find a vaccine to recent efforts to confront polio in West Africa and South Asia and eliminate it entirely.

Beyond the science, *Polio* looks at the effects of the disease on individuals and the United States as a whole. The book gives readers a sense of what it was like to have polio and to recover from it. It also describes how the search for answers to polio led to the rise of one of America's premier medical charities—the March of Dimes—and how modern physical therapy practices emerged alongside the polio epidemics of the 20th century.

### From reader reviews:

#### Edward Stewart:

Have you spare time to get a day? What do you do when you have much more or little spare time? Yes, you can choose the suitable activity for spend your time. Any person spent all their spare time to take a go walking, shopping, or went to the Mall. How about open or even read a book allowed Polio (Biographies of Disease)? Maybe it is to become best activity for you. You know beside you can spend your time using your favorite's book, you can wiser than before. Do you agree with the opinion or you have some other opinion?

#### Dominic Loflin:

Reading can called mind hangout, why? Because when you find yourself reading a book especially book entitled Polio (Biographies of Disease) your head will drift away trough every dimension, wandering in every single aspect that maybe mysterious for but surely can be your mind friends. Imaging every single word written in a guide then become one form conclusion and explanation that maybe you never get prior to. The Polio (Biographies of Disease) giving you a different experience more than blown away your thoughts but also giving you useful facts for your better life in this era. So now let us show you the relaxing pattern is your body and mind will probably be pleased when you are finished studying it, like winning a casino game. Do you want to try this extraordinary wasting spare time activity?

#### Richard Strohm:

This Polio (Biographies of Disease) is great book for you because the content and that is full of information for you who also always deal with world and also have to make decision every minute. This particular book reveal it facts accurately using great coordinate word or we can declare no rambling sentences inside it. So if you are read the item hurriedly you can have whole details in it. Doesn't mean it only will give you straight forward sentences but tough core information with attractive delivering sentences. Having Polio (Biographies of Disease) in your hand like getting the world in your arm, data in it is not ridiculous one particular. We can say that no publication that offer you world within ten or fifteen second right but this guide already do that. So , this can be good reading book. Hello Mr. and Mrs. hectic do you still doubt this?

#### Peter Lombard:

Many people spending their time by playing outside having friends, fun activity with family or just watching TV the whole day. You can have new activity to spend your whole day by reading a book. Ugh, do you think reading a book will surely hard because you have to accept the book everywhere? It okay you can have the e-book, delivering everywhere you want in your Cell phone. Like Polio (Biographies of Disease) which is keeping the e-book version. So , try out this book? Let's notice.
