The Contrary Farmer (Real Goods Independent Living Book)

Gene Logsdon

The Contrary Farmer (Real Goods Independent Living Book) Gene Logsdon

Gene Logsdon has become something of a rabble-rouser in progressive farm circles, stirring up debates and controversies with his popular New Farm Magazine column, The Contrary Farmer. One of Logsdon's principle contrarities is the opinion that--popular images of the vanishing American farmer, notwithstanding--greater numbers of people in the U.S. will soon be growing and raising a greater share of their own food than at any time since the last century. Instead of vanishing, more and more farmers will be cottage farming, part-time.

This detailed and personal account of how Logsdon's family uses the art and science of agriculture to achieve a reasonably happy and ecologically sane way of life in an example for all who seek a sustainable lifestyle. In *The Contrary Farmer*, Logsdon offers the tried-and-true, practical advice of a manual for the cottage farmer, as well as the subtler delights of a meditation in praise of work and pleasure. *The Contrary Farmer* will give its readers tools and tenets, but also hilarious commentaries and beautiful evocations of the Ohio countryside that Logsdon knows as his place in the universe.
