Wayne Ellwood

The No-Nonsense Guide to Degrowth and Sustainability (No-Nonsense Guides) Wayne Ellwood

This guide explores the idea of economic growth, tracing its history and questioning why it has become so unchallengeable and powerful when unlimited growth in a finite world is ultimately impossible. It illustrates how economics based on degrowth can be turned into a positive and how we can arrive at new levels of environmental sustainability without having turning the clock back to the Dark Ages. A title for anyone interested in economics, the psychology of consumerism and progressive change.

Wayne Ellwood is former co-editor of *New Internationalist* magazine. He is author of the *No-Nonsense Guide to Globalization* (over fifty thousand sold).

From reader reviews:

Roderick Olin:

Book is definitely written, printed, or descriptive for everything. You can learn everything you want by a reserve. Book has a different type. As you may know that book is important point to bring us around the world. Close to that you can your reading talent was fluently. A reserve The No-Nonsense Guide to Degrowth and Sustainability (No-Nonsense Guides) will make you to possibly be smarter. You can feel considerably more confidence if you can know about everything. But some of you think which open or reading some sort of book make you bored. It is far from make you fun. Why they might be thought like that? Have you trying to find best book or appropriate book with you?

Jamie Leal:

Information is provisions for individuals to get better life, information today can get by anyone in everywhere. The information can be a knowledge or any news even restricted. What people must be consider while those information which is inside former life are difficult to be find than now is taking seriously which one is acceptable to believe or which one often the resource are convinced. If you obtain the unstable resource then you get it as your main information you will see huge disadvantage for you. All of those possibilities will not happen with you if you take The No-Nonsense Guide to Degrowth and Sustainability (No-Nonsense Guides) as the daily resource information.

Kathryn Hill:

This book untitled The No-Nonsense Guide to Degrowth and Sustainability (No-Nonsense Guides) to be one of several books that will best seller in this year, this is because when you read this book you can get a lot of benefit in it. You will easily to buy this specific book in the book retail store or you can order it by means of online. The publisher in this book sells the e-book too. It makes you more readily to read this book, because you can read this book in your Smartphone. So there is no reason to you personally to past this reserve from your list.

Frances York:

Reading a book to be new life style in this year; every people loves to learn a book. When you learn a book you can get a great deal of benefit. When you read books, you can improve your knowledge, mainly because book has a lot of information into it. The information that you will get depend on what sorts of book that you have read. If you want to get information about your review, you can read education books, but if you want to entertain yourself you are able to a fiction books, these us novel, comics, in addition to soon. The The No-Nonsense Guide to Degrowth and Sustainability (No-Nonsense Guides) provide you with new experience in looking at a book.
