Fifty Years in the Feri Tradition Cora Anderson

Written as a gift to the author's husband, the blind poet and shaman Victor H. Anderson, for their 50th wedding anniversary, this book explains the Andersons' work and teachings in the Fairy Faith of the Old Religion—its theology, physics, and social structure. Profound and insightful, this slim volume is packed with information not available anywhere else and is the definitive text on the Anderson Feri Tradition, also known as Vicia.
