Imaginative. Innovative. Ingenious. These words describe the visionaries we all respect and admire. And they can describe you, too. Contrary to common belief, creativity is not a gift some of us are born with. It is a skill that all of us can learn. International bestselling author and award-winning Stanford University educator Tina Seelig has worked with some of the business world's best and brightest, who are now among the decision-makers at companies such as Google, Genentech, IBM, and Cisco. In *inGenius* she expertly demystifies creativity, offering a set of tools and guidelines that anyone can use. A fantastic resource for everyone wanting to achieve their ambitions, and for readers of Jason Fried's *Rework*, and Seth Godin's *Poke the Box*.
