Perché i tempi stanno cambiando (Contemporanea) (Italian Edition) Ignazio Visco

Cogliere le opportunità, non temere solo i rischi del cambiamento

Partendo dallo scenario tracciato nella XXX Lettura del Mulino sui cambiamenti, rapidi e tumultuosi, associati agli sviluppi della tecnologia in un mondo globalizzato, Ignazio Visco discute qui tre temi di particolare rilevanza: la riforma della regolamentazione degli intermediari e dei mercati finanziari; la crisi dei debiti sovrani e le sue implicazioni per l'integrazione europea, anche alla luce dei recenti avvenimenti greci; il sistema produttivo e il ruolo dell'azione pubblica in Italia. Il filo rosso che collega i contributi, all'intersezione tra tendenze di lungo periodo e andamenti congiunturali, è la consapevolezza che la «grande trasformazione» in atto richiede interventi anche di natura strutturale da parte sia della politica economica sia della politica tout court, dentro e oltre i confini nazionali. Se non sappiamo né possiamo prevedere il futuro dobbiamo però creare le condizioni per affrontarlo al meglio.
