## **Simulation in Nursing Education: From Conceptualization to Evaluation** Pamela Jeffries

The first edition of *Simulation in Nursing Education: From Conceptualization to Evaluation* altered the teaching and learning environment of nursing. The second edition is an essential resource for every nurse educator at every level of nursing education regardless of experience. Beginning with the basics, the book progresses through the theoretical framework and ethics of simulation, how to design simulation scenarios, curriculum integration of simulation, how to use guided reflection and debriefing, chapters on evaluation, collaboration, and integrating the QSEN competencies into simulations, and a final discussion which summarizes the issues and advances in simulation and considers the future of simulation in nursing education.
