Finding Lost: Season 5 Nikki Stafford

Nikki Stafford is a godsend to *Lost* enthusiasts in particular and TV lovers in general. I've written about TV for several years, and have always valued her opinion and insights on all things television.

- Amanda Cuda, Connecticut Post newspaper

If you want to know your Benjamin Linuses from your Henry Gales or your John Lockes from your Jeremy Benthams, let Nikki Stafford be your constant. Her writing reflects the insightfulness, passion and humor of both the show and its fans.

- Steve "The Shout" Dandy, "Nik at Nite" contributor

Since its premiere in 2004, *Lost* has gone from weird (polar bears in the jungle) to weirder (a man living in a bunker hitting a button every 108 minutes to "save the world") to just plain crazy (a large frozen wheel moving the island). And the fans love every minute of it. In the brilliant season 4, the outside world invaded the island and the Oceanic 6 were "rescued." And now . . . they're coming back. The pre - eminent source for fans, Nikki Stafford's *Finding Lost* series - the only *Lost* books with a complete episode - by - episode guide - continues its exploration of the deeper meanings of the show. The book includes:

an in - depth look at every episode of season 5, linking the events in the season to the early *Lost* years and adding highlights, little - known facts, and nitpicks

chapters on the rules of time travel, the smoke monster, and that mysterious four - toed statue

sidebars chronicling fun trivia such as Geronimo Jackson, *Star Wars* references, and Locke's injuries

analysis of literary references such as *The Little Prince*, *Ulysses*, *Y: The Last Man*, *A Separate Reality*, and *Everything That Rises Must Converge*
