Antarctica: Exploration, Perception and Metaphor

Paul Simpson-Housley

Antarctica: Exploration, Perception and Metaphor Paul Simpson-Housley

A scene so wildly and awfully desolate...it cannot fail to impress me with gloomy thoughts" - so Scott perceived the stark Antarctic landscape in 1905.

Antarctica traces images of the continent from early invented maps of *Terra Australis Incognita* up to Amundsen's arrival at 90 degrees South. Approaching Antarctica from sea and then land, the book analyses the differing perceptions of beauty and terror experienced by explorers, the stories they brought back and the power of new images refashioned at home.
