FileMaker Pro 8: The Missing Manual Geoff Coffey, Susan Prosser

Used by millions worldwide, FileMaker Pro is an award-winning database program for managing people, projects, images, assets, and other information. It's easy to use and totally customizable--so long as you know what you're doing. But FileMaker Pro doesn't come with a printed manual, so *FileMaker Pro: The Missing Manual* is the authoritative, jargon-free book that should have been in the box.

FileMaker Pro: The Missing Manual approaches FileMaker the way FileMaker approaches you: it's user-friendly and seemingly straightforward enough, but it offers plenty of substance worthy of deeper exploration. Packed with practical information as well as countless expert tips and invaluable guidance, it's an in-depth guide to designing and building useful databases with the powerful and pliable FileMaker Pro.

Covering FileMaker for both Windows and Macintosh, *FileMaker Pro: The Missing Manual* is ideal for small business users, home users, school teachers, developers--anyone who wants to organize information efficiently and effectively. Whether you want to run a business, publish a shopping cart on the Web, plan a wedding, manage a student information system at your school, or program databases for clients, this book delivers.

Author Geoff Coffey has many years of experience using FileMaker Pro (he was, in fact, an early beta tester for the product). Author Susan Prosser is a FileMaker Certified Developer who trains other developers. Together, Coffey and Prosser show you how to:

- Get FileMaker up and running quickly and smoothly
- Import and organize information with ease
- Design relational databases that are simple to use, yet powerful
- Take advantage of FileMaker Pro calculation capabilities
- Automate processes with scripting
- Customize FileMaker Pro to your needs and preferences
- Share information with other people (coworkers, clients, and customers) and other programs
- Understand and select the best security options

What could easily come across as dry and intimidating--things like relational theory, calculations, and scripting--are presented in a way that is interesting and intuitive to mainstream users. In no time, you'll be working more productively and efficiently using FileMaker Pro.

From reader reviews:

Hallie Cathey:

What do you think of book? It is just for students since they're still students or that for all people in the world, the actual best subject for that? Merely you can be answered for that query above. Every person has several personality and hobby for each and every other. Don't to be pushed someone or something that they don't would like do that. You must know how great along with important the book FileMaker Pro 8: The Missing Manual. All type of book can you see on many options. You can look for the internet solutions or other social media.

Florence Taylor:

As people who live in typically the modest era should be update about what going on or info even knowledge to make all of them keep up with the era which can be always change and advance. Some of you maybe can update themselves by reading books. It is a good choice to suit your needs but the problems coming to you actually is you don't know what one you should start with. This FileMaker Pro 8: The Missing Manual is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and wish in this era.

Janie Williams:

Nowadays reading books become more and more than want or need but also become a life style. This reading addiction give you lot of advantages. Advantages you got of course the knowledge the particular information inside the book that improve your knowledge and information. The information you get based on what kind of publication you read, if you want drive more knowledge just go with knowledge books but if you want really feel happy read one together with theme for entertaining for instance comic or novel. The actual FileMaker Pro 8: The Missing Manual is kind of publication which is giving the reader erratic experience.

Heidi Garcia:

This FileMaker Pro 8: The Missing Manual is great publication for you because the content that is full of information for you who all always deal with world and still have to make decision every minute. This specific book reveal it details accurately using great organize word or we can claim no rambling sentences within it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only provides straight forward sentences but challenging core information with splendid delivering sentences. Having FileMaker Pro 8: The Missing Manual in your hand like finding the world in your arm, facts in it is not ridiculous just one. We can say that no e-book that offer you world in ten or fifteen minute right but this publication already do that. So , this is good reading book. Hello Mr. and Mrs. occupied do you still doubt this?
