Jonathan Swift

Gulliver's Travels Jonathan Swift
Gulliver's Travels

Travels into Several Remote Nations of the World. In Four Parts. By Lemuel Gulliver, First a Surgeon, and then a Captain of Several Ships, commonly known as Gulliver's Travels (1726, amended 1735), is a prose satire by Irish writer and clergyman Jonathan Swift, that is both a satire on human nature and a parody of the "travellers' tales" literary subgenre. It is Swift's best known full-length work, and a classic of English literature.

The book became popular as soon as it was published. John Gay wrote in a 1726 letter to Swift that "It is universally read, from the cabinet council to the nursery." Since then, it has never been out of print.

Jonathan Swift

Jonathan Swift (30 November 1667 – 19 October 1745) was an Anglo-Irish satirist, essayist, political pamphleteer (first for the Whigs, then for the Tories), poet and cleric who became Dean of St Patrick's Cathedral, Dublin.

Swift is remembered for works such as Gulliver's Travels, A Modest Proposal, A Journal to Stella, Drapier's Letters, The Battle of the Books, An Argument Against Abolishing Christianity and A Tale of a Tub. He is regarded by the Encyclopædia Britannica as the foremost prose satirist in the English language, and is less well known for his poetry. He originally published all of his works under pseudonyms – such as Lemuel Gulliver, Isaac Bickerstaff, Drapier's Letters as MB Drapier – or anonymously. He is also known for being a master of two styles of satire, the Horatian and Juvenalian styles.

His deadpan, ironic writing style, particularly in A Modest Proposal, has led to such satire being subsequently termed "Swiftian".
