Should women be induced when they reach their due date? Attitudes toward the induction of labour, c-section, and stillbirth have changed radically since the 1970s, but are still controversial topics. Renowned obstetrician Jim Dornan tells the compelling, moving and true story of Paddy and Marie as a way of exploring some of the arguments for and against induced labour.

This story was originally published as 'Paddy and Marie' in Jim Dornan's bestselling book *An Everyday Miracle: Delivering Babies, Caring for Women*.
