Former Navy SEAL Brady McGrath has no trouble attracting female attention. But women never stick around long once they learn he can read feelings through touch. When an old Navy buddy hires him to protect his sister, he doesn't need extra-sensory abilities to know someone wants something from Gemma Cavanagh—something worth killing for.

Gemma's finally getting a handle on her own unique ability to make things disappear—even making them reappear on occasion. When someone breaks into her house and hacks into her computer, she's certain her soon-to-be-ex husband is to blame—until the police show up on her doorstep with the news he's been murdered. And she's their number one suspect.

After barely escaping a firebombing, Gemma and Brady are forced into hiding—and forced to confront the chemistry between them. As they desperately search for the killer, can Brady help Gemma harness her abilities—and keep her from finding out about his own dark past?
