**Estadística en la experimentación y evaluación educativas: 1 (Spanish Edition)** Jesus Alfonso Riestra Velázquez

Estadística en la experimentación y evaluación educativas ha sido desarrollado como fruto de la experiencia de los diversos cursos de Estadística impartidos en el Departamento de Matemática Educativa del Centro de Investigación y de Estudios Avanzados (Cinvestav), del Instituto Politécnico Nacional. Obra didácticamente pensada, que trata de equilibrar en la medida de lo posible el contexto educativo o, más generalmente, el de las Ciencias Sociales con conceptos estadísticos que justifican y explican los procedimientos técnicos asociados a la Teoría de la Probabilidad. Este libro se plantea más, como un curso de estadística educativa, que de estadística matemática, didácticamente enfocado a su aplicación en educación, conceptualmente correcto, que justifica y explica sus procedimientos. El trabajo expuesto aquí, hace de esta obra un texto amigable y de agradable lectura.
