**Naval Air Station Jacksonville (Images of America)** Ronald M. Williamson, Emily Savoca

Naval Air Station Jacksonville was commissioned on October 15, 1940, and has trained tens of thousands of naval aviators throughout its long history. Located along the banks of the St. Johns River, the site and the weather conditions make the base a premier aviation facility. Initially conducting primary and sea-plane training, it expanded to training pilots in almost every type of aircraft the Navy has flown. The Navy's elite precision aviators, the Blue Angels, were formed at the base in 1946. Today, as a master antisubmarine base, it remains home to 15 aviation squadrons; some 115 tenant commands and almost 20,000 military, civilian, and contract employees work at the station daily.
