Brill is pleased to present this Study Edition of the "The Hebrew and Aramaic Lexicon of the Old Testament" in two handy volumes. It has proven to be a valuable resource for scholars and students. In this Study Edition the complete vocabulary of the Hebrew Bible, including those parts of books which are written in Aramaic, is available. The dictionary combines scholarly thoroughness with easy accessibility, and so meets the needs of a wide range of users. The enormous advances that have taken place in the field of Semitic linguistics since the days of the older dictionaries of Classical Hebrew are well documented and assessed, as well as the often detailed discussions in modern Bible commentaries of words where the meaning is particularly difficult. But the alphabetical ordering of entries rather than the traditional arrangement of words according to their roots is particularly helpful to the new student, and also saves the advanced user much time. This 2 volume edition is an unabridged version of the five volume edition of The Hebrew and Aramaic Lexicon of the Old Testament. This set replaces the 5-volume set with ISBN 9789004119567.
