Benjaminianas - Cultura Capitalista E Fetichismo Contemporâneo (Portuguese Edition) Olgaria Chain Feres Matos

Na 18ª obra da Coleção Revoluções do Século 20, Paulo Fagundes Visentini traça o cenário que possibilitou a eclosão das revoluções de cunho social ou socialista na África nos anos 1970, focalizando as consideradas mais marcantes: as que mudaram os regimes de Angola, Moçambique e Etiópia. Segundo o autor, essas revoluções têm as mesmas características políticas e, do ponto de vista histórico, compartilham a mesma conjuntura que estimulou revoluções semelhantes em vários países do terceiro mundo naquele período. Tal cenário abrangia a crise econômica nos países desenvolvidos, a derrota dos Estados Unidos no Vietnã e a queda de governos autoritários que integravam o flanco sul da OTAN. No caso africano, mais um ingrediente viria a integrar essa conjuntura: os movimentos de libertação das tardias colônias portuguesas, que acabaram por abrir caminho para revoluções nacionais democráticas e até socializantes.
