Necromancer 2012 Robert Blum

Plunged unwittingly into the events predicted by the ancient Mayan civilization, the thirteenth and final cycle in the aging of the Earth, preceded by great cataclysmic changes, David must solve the riddle of mankind's demise before the sands of time run out on December 21, 2012. He is incredulous in learning that it was pre-ordained thousands of years ago, that he match wits against his ancestor's enemies, the son of Og, the nephelim, wizards and witches. Aristopos, the ancient necromancer, is rivaled only by his arch enemy The Wizard of Irem, whose task it is to prevent the sealing of the netherworld.
